

Donate at closing Tax Liability Reduction program

Provision Global, a non for profit 501 C 3 Public Charity has a great way for you to reduce your tax liability at closing. Donate amounts equal to your present tax liability out of the closing of a property purchase or sale.

For example, if you are selling properties and currently pay capitol gains tax yearly, just donate the anticipated capitol gains tax at closing. You will be issued a Tax Credit Letter from our organization entitling you to a Tax Credit that you can use against 50% of your gross income.

Maybe you earn income from another source in which you will owe the IRS. No problem, a 501 C 3 contribution Tax Credit Letter can be used where ever you need it on your taxes. It's a credit not a deduction. It doesn't deduct from your income, it's a credit against taxes you will owe to the IRS.

Peace of mind: When you give those resources to the IRS where does it go? With donate at closing you know exactly where it goes. Provision Global a public charity uses the funds to sponsor mentorship, life skills training and life coaching programs for Georgia schools.

These funds also assist ex-prisoner release programs as well as other valuable community based development and assistance programs in your region.

This program is simple, the agent involved will assist you with the application and authorization process. The closing attorney will do the rest.

The Provision Global Team and Family thanks you in advance for your gift.
